# Sauter Timber saves time, labor and money!

**y**es, you can expect a new level of quality and precision in wood components! Reinhard Sauter, owner of Sauter Timber, has found that by providing quality craftsmanship and precision cut components, time, labor and money can be saved throughout the entire construction process.

Most of us will agree that saving time on the job site means saving money. In our competitive marketplace, we have helped builders offer their clients a better overall product for less money, while saving time in the process.

That's a win, win, situation for all parties involved.

Sauter Timber provides builders with the ability to frame in a job quicker and more accurately than ever before. We eliminate the painful process of complex cutting and calculating angles on the job site. Instead, every piece is precisely cut in our factory, then cataloged for assembly and shipped to your building site ready to assemble. Sauter Timber can provide many forms of aid for your construction as well as assist you with any part of your plan; complex stairways, foyers, post and beam, unusual dormers, gables, rafters and so much more. Give us a

call, we'll be happy to discuss your individual needs.

Let Sauter Timber provide you the ability to make each step of the construction process go efficiently and cost effectively.

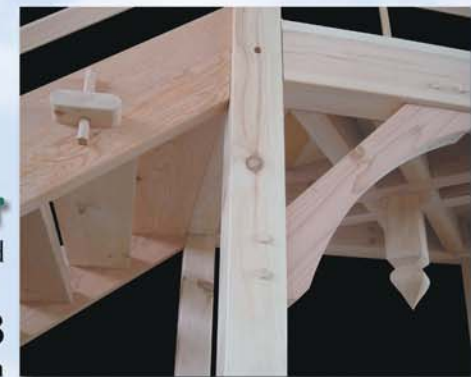

Save time, labor and money as well as construct a better product.

Add beauty and the ease of assembly with Sauter Timber.

Call us toll free today or stop by our factory to discuss your construction needs:
